REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: No prior art has been presented or found that either teaches or fairly suggests the manufacture of a vehicle interior article, comprising:

A) a first layer of recyclable polymeric material that comprises:

1) at least about twenty five percent by weight of a first interpolymer component having a composition of about twenty to forty percent ethylene and about sixty to eighty percent aromatic vinyl monomer,

2) at least about twenty four percent by weight of a second interpolymer component having a composition of about sixty to eighty percent ethylene and about twenty to forty percent aromatic vinyl monomer;

3) at least about five percent by weight a polypropylene/ethylene copolymer component; and

4) at least about twenty percent by weight of a polypropylene component; and,

B) a second layer of recyclable polymeric material bonded to the first layer in a face-to-face relationship therewith, wherein the second layer comprises:

1) at least about twenty five percent by weight of a third interpolymer component having a composition of about sixty to

eighty percent ethylene and about twenty to forty percent aromatic vinyl monomer,

2) at least about one percent by weight of a polypropylene/ethylene copolymer component; and

3) at least about five percent by weight of a polypropylene component.

The reference to Krabbenborg et al teaches the manufacture of automotive parts of blended polypropylene thermoplastic elastomers, similar to that claimed herein. Note the Abstract and the Examples. The reference is not deemed to negate the patentability of the instant claims. As such, a copy of this document will NOT be furnished with this Office Action.

Since there are no other outstanding issues with regard to the clarity or enablement of the claims, these claims are deemed to contain allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nathan M. Nutter whose telephone number is 571-272-1076. The examiner can normally be reached on Monday-Friday 9:30 am to 6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James J. Seidleck can be reached on 571-272-1078. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
